

Accelerant is a modern tech-fueled insurtech reshaping the way that small and medium business insurance is transacted.

Accelerant Insurance Europe S.A. is able to trade across the UK and EU. It is authorised by the National Bank of Belgium (NBB) and regulated by both the NBB and Financial Services and Markets Authority.

Member-Centric

Accelerant is organized around partner MGAs and program administrators. We provide modern proprietary technology tools, data-driven portfolio insights, as well as operational and regulatory support to help accelerate business growth.

Distribution

Accelerant works with a limited number of carefully selected and trusted Members.

Member selection criteria:

- An established track record of profitable underwriting
- A trusted management team
- A strong distribution platform
- Business focused on smaller commercial clients with relatively low sums insured
- A like-minded approach to doing business
